

October & November were fantastic months in many ways. Mark Kelley has taken to playing regularly (every Friday night) at **Kripple Creek** restaurant in Clovis. The venue is very intimate, and fans and diners alike get treated to a very personal side of **Mark**. He's been testing several new songs out, so if you catch the show keep an ear out and you may get to hear songs many months in advance.

We'd like to thank the owner Keith, and the managers, and of course, all the **Kripple Creek** girls, for spending the evenings with us, and making the shows such a success. We'll soon have **BFR** CDs available at the restaurant as well.

In the mean time, we have CDs available at **Williams General Store** in Muleshoe, TX. Thanks to **Roger & Dawn Williams** for their support. They're kind enough to make their store available to us, and **Mark** will be doing a signing and in-store concert December 6th. Since Muleshoe is playing down in Abilene that day, we may do a repeat for those who miss it. Keep an eye out and you can ask **Roger** or **Dawn** about it.

Mark was recently up to Santa Fe and sat in on sets with **Gary Gorence** at **The Cowgirl**, and later with his band **The Jakes** over at **Tiny's**. From all accounts the shows were great and folks enjoyed the **Blues Farm Records** flavor. We'd like to thank **The Jakes** for having **Mark** up and treating him so well.

99.1 KCLV in Clovis has been spinning **Mark's** tracks *What A Beautiful Night* and *Drivin' Away*. A big thanks to everyone at the station for their awesome support.

Also, **KMUL 103.1** in Muleshoe, TX has been playing *Drivin' Away* and everyone in Muleshoe has been so supportive. THANK YOU so much. Call in and request a song! We can always use your support.

Gary Gorence has been **Blues Farm Records** busiest artist. He continues to play regularly at hot spots like **The Cowgirl**, and we can't thank them enough for all their support.

Don't forget to catch him December 28th at **Los Ojos Bar** in Jemez Springs. Show starts at high noon! Or catch him anytime with **The Jakes**. Don't forget to join them at the Santa Fe Convention Center on December 13th for the **Camelrock Xmas Party!** You can find his full schedule on the official **Gary Gorence** website at

<http://garygorence.webs.com>.

Gary's also been hard at it in the studio, working on his 2nd solo album for **Blues Farm Records**. If you catch him live ask him to play one of his upcoming releases!

A great time was had by all on Halloween. If you were around these pictures might remind you.

Or scare you!

Sansletch's new CD, **New Mexico Son** has caused quite a stir. In particular the lyrics to the track *Where Giants Roared*. It seems Clovis likes to be talked about, and it doesn't get any better than when in the company of giants. Here are the lyrics for your enjoyment:

Where Giants Roared

Golden Fields stretch out before me. The 84 can lead me home, or take me to the 60.
Look out Clovis, here I come.

Gonna feed my horses
gonna find out what it means
to lay down tracks where giants roared
and where outlaws came to sing.

The old main still kicks, but the vultures lurk around, waiting to pick off the weak.
You'll find them just north of town.

In the dusty haze of a sundown, Mulhair's out, and **Sansletch** lurks,
Along with **Kelley** on the outskirts of town.
They keep it rockin' all night long.

You can get a copy of the CD right away by going to <http://sansietchrocks.webs.com>
Also look for the reissue of his **Fields Of Glory** CD. It's totally acoustic highlighting vocals and guitar. Visit the official **Sansietch** acoustic website at <http://sansietch.webs.com>

Mark's new CD, **'Til I Get Home**, featuring *What A Beautiful Night* and *Drivin' Away*, is now available at his website, <http://markkelley.webs.com>

BFR has also put together *merchandise* pages through CafePress, so if you're looking for t-shirts, mugs, stickers or posters....lots of stuff, visit your favorite artists' site and check out the merchandise page to get yours. The t-shirts we've ordered are 100% cotton and look real nice.

BFR wants fans to help build the label. Hey, why not? If ya'll know of any bands looking for a great indie, and they have original material, then send 'em our way. Tell them we're **The Little Label That Could...** And thanks.
